Riding motorcycles is fun, but author Ken Condon maintains that there is a state of consciousness to be achieved beyond the simple pleasure of riding down the road. Riding in the Zone helps riders find that state of being. It's the experience of being physically and mentally present in the moment, where every sense is sharply attuned to the ride. Your mind becomes silent to the chatter of daily life, and everyday problems seem to dissolve. You feel a deeper appreciation for life. Your body responds to this state of being with precise, fluid movements, you feel in balance, your muscles are relaxed, and it seems as though every input you make is an expression of mastery. This is "the

Zone." Condon identifies all of the factors that affect entering the Zone and addresses each one individually, from the development of awareness and mental skills to mastering physical control of the motorcycle. At the end of each chapter are drills designed to transform the book's ideas into solid, practical riding skills. Riding in the Zone takes riders to the next level in their skill set.

For men and women who have the will to service their own bikes and lack only the know-how, this book has it all: basic, easy-to-use information about repairing and maintaining pushrod V-twin motorcycles from someone who really knows the nuts and bolts. Sara Liberte's primer begins with the fundamentals-from wheel size and tire pressure to knowing your shop manual and the tools you'll need-then moves on to the basics of maintenance. Changing oil and other fluids, replacing gaskets, gauging normal wear and tear, inspecting chains and belts and adjusting tension: these are just a few of the topics Liberte covers in complete and clear detail. She also discusses the charging system, battery charging, terminal maintenance, and simple wiring techniques-and, critically, troubleshooting, whether on the road or at the shop.

KLR650 (2008-2012),

Reminiscent of *Doll Bones*, this deliciously eerie middle grade novel tells the story of a girl who must enter a world of ghosts, witches, and monsters to play a game with deadly consequences and rescue her aunt. Evie Von Rathe lives in Blight Harbor—the seventh-most haunted town in America—with her Aunt Desdemona, the local paranormal expert. Des doesn't have many rules except one: Stay out of the abandoned slaughterhouse at the edge of town. But when her aunt disappears into the building, Evie goes searching for her. There she meets The Clackity, a creature who lives in the shadows and seams of the slaughterhouse. The Clackity makes a deal with Evie to help get Des back in exchange for the ghost of John Jeffrey Pope, a serial killer who stalked Blight Harbor a hundred years earlier.

Expert motorcyclist and author Ken Condon knows there is a right way to hit the road and track when you're behind the handlebars. In this new book *Motorcycling the Right Way*, Condon lays out a basic riding course for motorcyclists who are smart enough to acknowledge that "you don't know what you don't know." In setting forth the keys to riding safely and well, Condon's method capitalizes on reducing risks and potential crashes and increasing the rider's ever-improving skills and situational awareness. Filled with readable, useful advice and anecdotes from the road, *Motorcycling the Right*
