Microsoft Word has grown considerably in power, sophistication and capability over the past decade, but one thing that hasn't changed since the early '90s is its user interface. The simple

File Type PDF Sample Microsoft Word Documents

toolbar in version 2.0 has been packed with so many features since then that few users know where to find them all. Consequently, more and more people are looking for "insider" tips that will allow them to use these

File Type PDF Sample Microsoft Word Documents

advanced and often hidden features. Microsoft has addressed this problem in Word 2007 by radically redesigning the user interface with a tabbed toolbar that makes every feature easy to locate and

File Type PDF Sample Microsoft Word Documents

use. Unfortunately, Microsoft's documentation is as scant as ever, so even though you will be able to find advanced features, you might not know what to do with them. Word 2007: The Missing Manual, written
