In Physiopolis, life was better in the buff. Or at least in a bikini, which was as close as one could legally get to public nudity in 1930s Paris. It was here, on an isolated sun-baked island on the Seine, that a titillating new naturiste-nudiste (naturalist and nude) movement sprang forth.

Wet Hot Parisian Summer: A Lost 1930s Nudist Utopia

Secret Paris of the Thirties. Photographs and text by Brassai. Gallimard, Paris, French, 1988. In France. 192 pp., 108 duotone illustrations, 8 1/2x11". When first published, Brassai's classic portrait of the seamier side of Parisian nightlife put a face on the bordellos and clubs portrayed by Henry Miller and other novelists of the 20s and ...

One of the most evocative photographic memoirs every published. It was known that Brassai had taken a series of 'secret photographs' which could not be published because of their daring nature--the forbidden Paris, a sordid bas-monde where high society mingled with the underworld.

'The Secret Paris of the 30s' is one of the most remarkable photographic memoirs ever published. For years it was known that Brassai had taken a series of [secret photographs] which could not be published because of their daring nature. Alone, or in the company of friends, he discovered the forbidden Paris of the 1930s - its brothels, its whores, its pimps, its opium dens - the sordid yet bewitching bas-monde where high society mingled with the underworld.

Brassai's photographs reveal a milieu previously only known through books such as the novels of Henry Miller (a frequent companion on his nocturnal

rambles) - the seamy, grimy yet infinitely exciting reality that tourists still think of when they seek 'Paris by night'. These fascinating images are accompanied by Brassai's own text, in which he describes the extraordinary conditions under which he took his photographs.

Brassai (1899-1984) was the first and is still the most famous photographer to chronicle Paris after dark. Born in Hungary, he came to the French capital in 1924, working first as a journalist and then embracing photography, but it was the Paris of the 1930s that came to form the bedrock of his body of work. Walking the city streets at night, Brassai discovered a previously unseen world and captured it on camera. He shows us every face and every facet, from tough guys and showgirls to prostitutes and pleasure-seekers, from the bustling cafés and dance halls to the stillness of deserted streets and mist-shrouded monuments. Through his eyes, Paris becomes a world of shadows, in which light, the prerequisite for any photograph, is reduced to dimly lit windows, streetlamps in the fog, or reflections on a rain-soaked pavement. Although firmly rooted in its time and place, Brassai's night photography is nonetheless timeless in its appeal. Full of beauty, bleakness and insight, these images assure his place among the greatest photographers of the 20th century.

A new edition of the classic originally published in 1932 brings together sixty images of the City of Light's back alleys, metro stations, bistros, and people.

On an August evening in 1933, in a quiet, working-class neighborhood in Paris, eighteen-year-old Violette Nozière gave her mother and father glasses of barbiturate-laced "medication," which she told them had been prescribed by the family doctor; one of her parents died, the other barely survived. Almost immediately Violette's act of "double parricide" became the most sensational private crime of the French interwar era—discussed and debated so passionately that it was compared to the Dreyfus Affair. Why would the beloved only child of respectable parents do such a thing? To understand the motives behind this crime and the reasons for its extraordinary impact, Sarah Maza delves into the abundant case records, re-creating the daily existence of Parisians whose lives were touched by the affair. This compulsively readable book brilliantly evokes the texture of life in 1930s Paris. It also makes an important argument about French society and culture while proposing new understandings of crime and social class in the years before World War II.
