The digital revolution has forever changed American journalism, and not for the better. Robert Kaiser, former managing editor of The Washington Post, writes in his new Brookings Essay that the changing media landscape is not only a threat to traditional news, but to the future of democracy. A news industry without a viable business model, distracted by the need to attract eyeballs and discover new revenue streams, could lose the ability to provide the balanced, comprehensive, and investigative journalism that is the lifeblood of a healthy democracy. THE BROOKINGS ESSAY: In the spirit of its commitment to high-quality, independent research, the Brookings Institution has commissioned works on major topics of public policy by distinguished authors, including Brookings scholars. The Brookings Essay is a multi-platform product aimed to engage readers in open dialogue and debate. The views expressed, however, are solely those of the author. Available in ebook only.

This study finds in Oliver Goldsmith's early work a compelling narrative of social protest and professional accommodation: the struggle of an anonymous "hack" with expectations of recognition and fame too unrealistic for survival in a newly forming profession. As "true critic," as "foreign correspondent" to the magazines, and as an anonymous voice of protest against the commercialization of letters, Goldsmith defined a journalistic self that would inform his later productions. Goldsmith was the "true critic" assailing the romance of - and proclaiming aesthetic standards for - poetry, philosophy, history, satire, and most of the staples of the press in the late 1750s and early 1760s. He was the "foreign correspondent" who, without leaving his bookseller's garret, gave a "first-hand" account of the latest in fashion and learning throughout Europe. He was the blistering social critic attacking the taste of booksellers and "coffee-house readers." And, perhaps most significantly, he provided a lens through which to view the commercialization and professionalization of the publishing industry at a time when literary patronage was moribund. He was, in fact, one of the most important commentators on a period of war and economic expansion, rapid change in public taste, and revolutionary developments in the press. Indeed, the journalistic achievements of Oliver Goldsmith invite a reconsideration of the man doomed for so many years to play "Doctor Minor" to Johnson's "Doctor Major." Long before he established a reputation as the author of The Vicar of Wakefield, She Stoops to Conquer, and The Deserted Village, Goldsmith was establishing his unique journalistic voice - a voice incredibly diverse, if also frequently self-contradictory. There is no doubt that Goldsmith was something of a controversial figure - working for both of London's monthly book review journals while they were engaged in an ongoing, venomous, and well-publicized dispute. But it is important to remember that he was respected, too. He did serve, after all, as principal contributor to several of London's most successful newspapers and magazine miscellanies. In this capacity, his career intersected with the careers of Arthur Murphy, John Newbery, David Hume, Thomas Gray, Edmund Burke, and the most prominent booksellers, authors, and editors of the period. As interest in eighteenth-century English journalism continues to accelerate, the critical reputation of Oliver Goldsmith which has been dwindling for years may receive an important boost. Scholars now have a wealth of primary and critical material from which to construct a contextual framework for understanding literary, social, and political developments in eighteenth-century England. Perhaps this wealth of information will lead them to reassess the man who not only exemplified, but also consistently commented on, the state of the press in "High Georgian" England.

Never before has a book examined Spanish women and their mastery of the essay. In the groundbreaking collection Spanish Women Writers and the Essay, Kathleen M. Glenn and Mercedes Mazquiarán de Rodríguez help to rediscover the neglected genre, which has long been considered a "masculine" form. Taking a feminist perspective, the editors examine why Spanish women have been so drawn to the essay through the decades, from Concepción Arenal's nineteenth-century writings to the modern works of Rosa Montero. Spanish women, historically denied a public voice, have discovered an outlet for their expression via the essay. As essayists, they are granted the authority to address subjects they personally deem important, discuss historical and sociopolitical issues, and denounce female subordination. This genre, which attracts a different audience than does the novel or poem, allows Spanish women writers to engage in a direct dialogue with their readers. Featuring twelve critical investigations of influential female essayists, Spanish Women Writers and the Essay illustrates Spanish women writers' command of the genre, their incorporation of both the ideological and the aesthetic into one concise form, and their skillful use of various strategies for influencing their readers. This fascinating study, which provides English translations for all quotations, will appeal to anyone interested in nineteenth- and twentieth-century Spanish literature, comparative literature, feminist criticism, or women's studies.

In 1872 in the treaty port of Shanghai, British merchant Ernest Major founded one of the longest-lived and most successful of modern Chinese-language newspapers, the Shenbao. His publication quickly became a leading newspaper in China and won praise as a "department store of news," a "forum for intellectual discussion and moral challenge," and an "independent mouthpiece of the public voice." Located in the International Settlement of Shanghai, it was free of government regulation. Paradoxically, in a country where the government monopolized the public sphere, it became one of the world's most independent newspapers. As a private venture, the Shenbao was free of the ideologies that constrained missionary papers published in China during the nineteenth century. But it also lacked the subsidies that allowed these papers to survive without a large readership. As a purely commercial venture, the foreign-managed Shenbao depended on the acceptance of educated Chinese, who would write for it, read it, and buy it. This book sets out to analyze how the managers of the Shenbao made their alien product acceptable to Chinese readers and how foreign-style newspapers became alternative modes of communication acknowledged as a powerful part of the Chinese public sphere within a few years. In short, it describes how the foreign Shenbao became a "newspaper for China."

Profile of agricultural households in Timor Timur Province; statistical analysis.

Journalists in today’s media environment require a skill set that can be adapted to a variety of media. Dynamics of News Reporting and Writing: Foundational Skills for a Digital Age teaches students the foundational skills they need to successfully report and write the news in an evolving digital landscape. Author Vince F. Filak offers guidance on the essential skills of the industry while weaving in the “how-to’s” of writing digital news. Recognizing that well-crafted stories are founded on sharp prose, this new text covers the foundational elements of newswriting, such as lead writing, structure, and storytelling while also teaching students how to think critically and determine what matters most to their readers. Key Features: An audience-centric approach encourages students to understand why and how news is relevant to the lives of their readers before they even start digging into their stories. “Write Now! Exercises” provide students with an opportunity to immediately practice the core set of skills they have just learned and apply these skills to various platforms. “Consider This” debates spark classroom discussions by encouraging students to take a closer look at a current issue or ideological dilemma and make a valid case for their position. “Thoughts from a Pro” offer students an up-close look at a specific aspect of reporting and writing from a professional who is plying their trade each day.

“Ross Gay’s eye lands upon wonder at every turn, bolstering my belief in the countless small miracles that surround us.” –Tracy K. Smith, Pulitzer Prize winner and U.S. Poet Laureate The winner of the NBCC Award for Poetry offers up a spirited collection of short lyric essays, written daily over a tumultuous year, reminding us of the purpose and pleasure of praising, extolling, and celebrating ordinary wonders. Ross Gay’s The Book of Delights is a genre-defying book of essays—some as short as a paragraph; some as long as five pages—that record the small joys that occurred in one year, from birthday to birthday, and that we often overlook in our busy lives. His is a meditation on delight that takes a clear-eyed view of the complexities, even the terrors, in his life, including living in America as a black man; the ecological and psychic violence of our consumer culture; the loss of those he loves. Among Gay’s funny, poetic, philosophical delights: the way Botan Rice Candy wrappers melt in your mouth, the volunteer crossing guard with a pronounced tremor whom he imagines as a kind of boat-woman escorting pedestrians across the River Styx, a friend’s unabashed use of air quotes, pickup basketball games, the silent nod of acknowledgment between black people. And more than any other subject, Gay celebrates the beauty of the natural world—his garden, the flowers in the sidewalk, the birds, the bees, the mushrooms, the trees. This is not a book of how-to or inspiration, though it could be read that way. Fans of Roxane Gay, Maggie Nelson, and Kiese Laymon will revel in Gay’s voice, and his insights. The Book of Delights is about our connection to the world, to each other, and the rewards that come from a life closely observed. Gay’s pieces serve as a powerful and necessary reminder that we can, and should, stake out a space in our lives for delight.

Looking at five of Italo Calvino's often neglected early novels: The Young People of Po, The Cloven Viscount, The Baron in the Trees, The Non-Existent Knight, and The Watcher, Eugenio Bolongaro argues that these works, written between 1948 and 1963, contain a sustained meditation on the role of the intellectual and on the irreducible ethical and political dimension of literature. This meditation provides an insight into a crucial moment in Calvino's development as a writer, and allows Bolongaro to lay the groundwork for a more 'political' reading of Calvino's later work. Italo Calvino and the Compass of Literature firmly situates Calvino within his historical context - the cultural revival of post-World War II Italy - by relating these early novels to Calvino's political and critical writings which played an important role in the cultural debates of the time. This approach provides a key to understanding Calvino's work in a new light, ably demonstrating that Calvino's full literary significance cannot be understood in isolation from the politics and cultural movements of the period. One of the few book-length English-language works on Calvino's early writings, Italo Calvino and the Compass of Literatur will prove to be an indispensable tool to Italianists and literary studies scholars.

Write It Short, Sell It Now Short stories and personal essays have never been hotter--or more crucial for a successful writing career. Earning bylines in magazines and literary journals is a terrific way to get noticed and earn future opportunities in both short- and long-form writing.
