Simple Perfection  
Simple Perfection starts off right where Twisted Perfection leaves off. Woods Kerrington is now solely responsible for his family's country club. He is dealing with his grieving mother, his crazy ex, and the stress is getting to him. Thankfully, he has Della. The only thing keeping him together, keeping him sane. Della is happy with Woods.

Simple Perfection by Abbi Glines - Goodreads  
In Simple Perfection, he is dealing with the aftermath of his fathers death, his mothers unreasonable behaviour and his vile ex all while trying to keep the club running smoothly and while putting his own stamp on it. Despite everything that he is dealing with he still puts Della first, before everything.

I absolutely adore him even more now. Overall, I really liked Simple Perfection. Woods and Della's relationship is special & very very SMEXY!! This couple has had to overcome some pretty difficult issues. But, they do and they do it together. In fact, their love for each other is the only thing that is simple in this book.
