Via een zus uit Nederland had ik een paar jaar geleden over 'Sonny Boy' gehoord: een waargebeurd verhaal dat zich bovenal in Nederland afgespeeld heeft (zie de beknopte beschrijving van dit verhaal hier op Amazon), ongeveer vanaf 1928 tot aan 1945-46 en op mooie wijze door de journaliste Annejet van der Zijl tot roman is omgevormd. Dit boek is in Nederland ook een bestseller geworden en verfilmd.

From the Amazon Charts bestselling author of *An American Princess* comes the true story of an unconventional family divided by war and prejudice during WWII. When they fell in love in 1928, Rika and Waldemar could not have been more different. She was a thirty-seven-year-old Dutch-born mother, estranged from her husband. He was her immigrant boarder, not yet twenty, and a wealthy Surinamese descendant of slaves. The child they have together, brown skinned and blue eyed, brings the couple great joy yet raises some eyebrows. Until the Nazi occupation of the Netherlands explodes their promising life. What unfolds is more than the astonishing story of a love that prevailed over convention. It's also the quest of a young boy. Through the cruelty of World War II, he will fight for a connection between his father's South American birthplace and his mother's European

traditions. Lost and displaced for much of his life, but with a legacy of resilience in his blood, he will struggle to find his place in the world. Moving deftly between personal experience and the devastating machinations of war, *The Boy Between Worlds* is an unforgettable journey of hope, love, and courage in the face of humanity's darkest hour.

Nothing is more unsettling in this world than a kid with a gun . . . On the streets of Medellín, Colombia, actions speak louder than words, and the rule of the bandidos is the only law worth listening to. Like most kids of their age, Shorty and Alberto work for their local cartel. They run cigarettes, offer protection . . . and occasionally assassinate someone. The work is tough, and dangerous, but the boys are commanding respect like they've never known, and the money's pretty good too. But then one day Alberto disappears. And Shorty realises that he is never coming back. A gangster's life is cheap, and when revenge can be bought for only a few pesos, everyone has their price . . .

Born to a pioneering family in Upstate New York in the late 1800s, Allene Tew was beautiful, impetuous, and frustrated by the confines of her small hometown. At eighteen, she met Tod Hostetter at a local

dance, having no idea that the mercurial charmer she would impulsively wed was heir to one of the wealthiest families in America. But when he died twelve years later, Allene packed her bags for New York City. From the vantage point of the American upper class, Allene embodied the tumultuous Gilded Age. Over the course of four more marriages, she weathered personal tragedies during World War I and the catastrophic financial reversals of the crash of 1929. From the castles and châteaux of Europe, she witnessed the Russian Revolution and became a princess. And from the hopes of a young girl from Jamestown, New York, Allene Tew would become the epitome of both a pursuer and survivor of the American Dream.

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it

handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Ever since Nelson Mandela dramatically walked out of prison in 1990 after twenty-seven years behind bars, South Africa has been undergoing a radical transformation. In one of the most miraculous events of the century, the oppressive system of apartheid was dismantled. Repressive laws mandating separation of the races were thrown out. The country, which had been carved into a crazy quilt that reserved the most prosperous areas for whites and the most desolate and backward for blacks, was reunited. The dreaded and dangerous security force, which for years had systematically tortured, spied upon, and harassed people of color and their white supporters, was dismantled. But how could this country--one of spectacular beauty and promise--come to terms with its ugly past? How could its people, whom the oppressive white government had pitted against one another, live side by side as friends and neighbors? To begin the healing process, Nelson Mandela created the Truth and Reconciliation Commission, headed by the renowned cleric Archbishop Desmond Tutu. Established in 1995, the commission faced the awesome task of hearing the testimony of the

victims of apartheid as well as the oppressors. Amnesty was granted to those who offered a full confession of any crimes associated with apartheid. Since the commission began its work, it has been the central player in a drama that has riveted the country. In this book, Antjie Krog, a South African journalist and poet who has covered the work of the commission, recounts the drama, the horrors, the wrenching personal stories of the victims and their families. Through the testimonies of victims of abuse and violence, from the appearance of Winnie Mandela to former South African president P. W. Botha's extraordinary courthouse press conference, this award-winning poet leads us on an amazing journey. *Country of My Skull* captures the complexity of the Truth Commission's work. The narrative is often traumatic, vivid, and provocative. Krog's powerful prose lures the reader actively and inventively through a mosaic of insights, impressions, and secret themes. This compelling tale is Antjie Krog's profound literary account of the mending of a country that was in colossal need of change.

Brierley, a young man who used Google Earth to rediscover his childhood life and home in an incredible journey from India to Australia and back again... At only five years old, Saroo Brierley got lost on a train in India. Unable to read or write or recall the name of his hometown or even his own last name, he survived alone for weeks on the rough streets of Calcutta before ultimately being transferred to an agency and adopted by a couple in Australia. Despite his gratitude, Brierley always wondered about his origins. Eventually, with the advent of Google Earth, he had the opportunity to look for the needle in a haystack he once called home, and pore over satellite images for landmarks he might recognize or mathematical equations that might further narrow down the labyrinthine map of India. One day, after years of searching, he miraculously found what he was looking for and set off to find his family. Lion is a moving, poignant, and inspirational true story of survival and triumph against incredible odds. It celebrates the importance of never letting go of what drives the human spirit: hope. Previously published as A Long Way Home

The Cost of Sugar is an intriguing history of those rabid times in Dutch Surinam between 1765-1779 when sugar was king. Told through the eyes of two Jewish step sisters, Eliza and Sarith, descendants of the settlers of 'New Jerusalem of the River' know today as Jodensvanne. The Cost of Sugar is a frank expose of the tragic toll on the lives of colonists and slaves alike.

Ben Mears has returned to Jerusalem's Lot in hopes that exploring the history of the Marsten House, an old mansion long the subject of rumor and speculation, will help him cast out his personal devils and provide inspiration for his new book. But when two young boys venture into the woods, and only one returns alive, Mears begins to realize that something sinister is at work—in fact, his hometown is under siege from forces of darkness far beyond his imagination. And only he, with a small group of allies, can hope to contain the evil that is growing within the borders of this small New England town. With this, his second novel, Stephen King established himself as an indisputable master of American horror, able to transform the old conceits of the genre into something fresh and all the more frightening for taking place in a familiar, idyllic locale.
