Miscellaneous Solutions CBSE Class 11 Maths
Notes : Logarithm. If a is a positive real
number other than 1 and $a^x = m$, then x is
called the logarithm of m to the base a ,
written as $\log_a m$. In $\log_a m$, m should be
always positive. (i) If $m < 0$, then $\log_a m$
will be imaginary and if $m = 0$, then $\log_a m$
will be meaningless. (ii) $\log_a m$ exists only,
if $m, a > 0 \dots$
