It’s a long-standing frustration for Sun Tracker pontoon boat owners, including those which own the Party Barge and Bass Buggy models. NEW YORK TIMES BESTSELLER “ A masterful book. ” —Marc Levinson, The Washington Post “ A juicy tour of the company Bezos built. ” —The New York Times Book Review From the bestselling author of The Everything Store, an unvarnished picture of Amazon’s unprecedented growth and its billionaire founder, Jeff Bezos, revealing the most important business story of our time. Almost ten years ago, Bloomberg journalist Brad Stone captured the rise of Amazon in his bestseller The Everything Store. Since then, Amazon has expanded exponentially, inventing novel products like Alexa and disrupting countless industries, while its workforce has quintupled in size and its valuation has soared to well over a trillion dollars. Jeff Bezos’s empire, once housed in a garage, now spans the globe. Between services like Whole Foods, Prime Video, and Amazon’s cloud computing unit, AWS, plus Bezos’s ownership of The Washington Post, it’s impossible to go a day without encountering its impact. We live in a world run, supplied, and controlled by Amazon and its iconoclast founder. In Amazon Unbound, Brad Stone presents a deeply reported, vividly drawn portrait of how a retail upstart became one of the most powerful and feared entities in the global economy. Stone also probes the evolution of Bezos himself—who started as a geeky technologist totally devoted to building Amazon, but who transformed to become a fit, disciplined billionaire with global ambitions; who ruled Amazon with an iron fist, even as he found his personal life splashed over the tabloids. Definitive, timely, and revelatory, Stone has provided an unvarnished portrait of a man and company that we couldn’t imagine modern life without.
