Need help with your new Android phone or tablet? Are you new to smartphones in general, or coming from an iPhone or Blackberry? The Guide to Android for Seniors is a book written specifically for those who have difficulty using electronics, such as phones, personal computers, and tablet computers. There is a wealth of knowledge about all types of Android devices in this book, regardless of the manufacturer or model, and can be easily accessed and navigated for quick reference. Whether you are puzzled about managing your electronic address book, or how to take and send a picture to a friend, you will find the information in this guide. The Internet is riddled with advanced tips and tricks, but the goal of this book is to sort through the extra information to simplify your first experience with using an Android phone or tablet. Help is here! Here are some examples of the topics discussed in this guide: - Charging the Device - Finding the Android Buttons - Calling a Contact - Assigning a Speed Dial - Using the Speakerphone During a Voice Call - Adding a New Contact - Composing a New Text Message - Adding an Attachment to a Text Message - Taking a Picture - Capturing a Video - Navigating to a Web Page - Setting Up Email - Setting Up a Google Account - Buying an Application - Importing Your Contacts from Another Phone - Adjusting the Brightness - Saving on Data Costs with Your Phone PLUS, what to do when the phone - Does not turn on - Can't make a call - Touchscreen does not respond as expected ...and much more!

Explores the technology & the history of the telephone, from the Coffin sets of the 1870s to the Princess phones of the 1960s and beyond.

Digital technology is touching all aspects of our lives from cell phones to digital cameras. Going digital can be exhilarating for some, but stressful for others. Deciding on the right digital product can be difficult when you look at all the choices that are available in the market place. The new edition of Consumers' Report Digital Buying Guide 2006 can guide consumers in selecting a digital product and easing their anxieties about their purchase. The experts provide hundreds of smart ways to: "Save money and find the best values in computers, plasma televisions, cell phones, cameras, DVD players and more "Get the right high speed Internet connection or go wireless "Establish a communication link between your home computers (networking) "Weeding out spam and protecting your computer from security and privacy threats "Shoot, enhance, and send digital pictures by email "Download music from the internet "Create a home theater with high-definition TV "Enjoy the latest video games online or off "Plus: Exclusive e-Ratings of the best shopping websites

A consumer guide that integrates shopping suggestions and handy user tips as it describes and rates dozens of digital electronic products, including cell phones, digital cameras, televisions, computers, video games, and home theater products.
