~~The Accidental Superpower The Next~~

In *The Accidental Superpower*, international strategist Peter Zeihan examines how the hard rules of geography are eroding the American commitment to free trade; how much of the planet is aging into a mass retirement that will enervate markets and capital supplies; and how, against all odds, it is the ever-ravenous American economy that - alone among the developed nations - is rapidly approaching energy independence. Combined, these factors are doing nothing less than overturning the global ...

The bulk of “The Accidental Superpower” peers into the future as Mr. Zeihan, a former analyst at the geopolitical security firm Stratfor, tries to imagine where the world, and particularly America,...

Book Review: ‘The Accidental Superpower’ by Peter Zeihan — WSJ

The Accidental Superpower Fascinating book. A couple of thoughts though. The author does an amazing job analyzing all the geopolitical trends in the world today. They are thoroughly flushed out and compelling to think about. However, I think he puts too much emphasis on how much of the future is determined.
