The ascendant (abbreviation AC) is the Zodiac sign that appears on the Eastern horizon at a person's birth, more precisely: the intersection of the Eastern Horizon with the Ecliptic. Due to the movement of the Earth's axis, this Sign changes approximately every two hours. The entire zodiac is traversed within 24 hours.

The Divergent Series: Ascendant was supposed to wrap up the sci-fi saga but was eventually abandoned, and here's why that cancellation occurred. Following the huge success of The Hunger Games franchise starring Jennifer Lawrence, there was a short-lived fad of movie adaptations of YA sci-fi novels.

Ascendant is the first book in the series, and it is a clean, fun book. No sex, only 5 instances of profanity (Yes, I counted because it was so surprising to find a young adult book that doesn't curse regularly). The characters are very likable and real characters.

Overview The Ascendant offers more flexibility than any other class by allowing the player to take passives based on other Ascendancy classes. These passives offer similar benefits representing the class's overall tree, but with mitigated effects. Only one Ascendancy class passive can be taken from each base class.

"Warfare goes digital in movie and TV writer Drew Chapman's fast-moving debut, a high-stakes thriller that pits the online might of China against that of the United States" (Publishers Weekly) as reluctant patriot Garrett Reilly races around the globe to avert total war. Numbers don't lie...Not according to Garrett Reilly who, just two weeks past his twenty-sixth birthday, thinks he's probably the best bond analyst at his brokerage, maybe the best in all of lower Manhattan. Garrett's memory for numbers is photographic. But he doesn't just memorize numbers: he sorts them, ranks them, senses patterns. As he watches buy and sell numbers float across his computer monitor, Garrett notices what nobody else can: that US Treasury bonds are being sold off at an alarming rate. Two hundred billion dollars worth. It's a discovery that Garrett knows will make him stinking rich. But then the US military arrives at his office and Garrett's life is thrown into free fall. Captain Alexis Truffant explains that Garrett has stumbled on something bigger and scarier than he could have ever imagined: the first attack in a covert war of unthinkable proportions. Garrett begins to link a series of seemingly unrelated—and very dangerous—events that start in New York, but continue to Las Vegas, Oregon, and all lead back to rural China. Suddenly, Garrett is the only one left standing between an unknown enemy and the very security of our country.

The only problem? Numbers don't lie...but sometimes governments do. "The Hunt for Red October meets Hackers...Ascendant is a must-read for international thriller fans" (Booklist, starred review). "This is a wild ride through the headlines of our times" (Kirkus Reviews).

The Wizard's Council of Tarador was supposed to tell young Koren Bladewell that he is a wizard. They were supposed to tell everyone that he is not a jinx, that all the bad things that happen around him are because he can't control the power inside him, power he doesn't know about. The people of his village, even his parents, are afraid of him, afraid he is cursed. That he is a dangerous, evil jinx. The Wizard's Council didn't tell young Koren, because they know what is best for him. Even after their silent deception destroys his life. Crown Princess Ariana Trehayme will become queen of Tarador on her sixteenth birthday, if her weak, indecisive mother the Regent hasn't allowed their ancient enemy to conquer Tarador before then. Ariana wants her royal army to strike at the enemy, but her mother knows what is best for her, and the realm. Together, Ariana and Koren can save Tarador, if the adults, who know best, will get out of their way.

It is the twenty-third century and Elijah Harms is anything but ordinary. He, the one who has a special connection to light, came to New Haven City after his parents died in a conflict between naturally-born humans and the modified. War, hardship, and being the father figure to his younger siblings has made Elijah feel older than most twenty-year-olds. Despite his challenges, Elijah's spirits are buoyed by his friendships with Honoria Eden and Endre Gran. One day as the three friends gather in the center of the city to hear who has been chosen to join the Sanctum, become a paladin, and push for peace with The Dominion, everything changes in moments. After a sudden attack by unknown forces robs the city of its baron, its peace, and many of its citizens, Elijah soon realizes that the world he once knew no longer exists. After he separates from his injured friends to check on his family, Elijah is pursued by evil mercenaries. He is their target, but why? When he is unexpectedly saved by the paladin of the Sanctum's infantry unit, Elijah and his friends are led down a path none ever could have imagined. In this futuristic tale, a young man, his friends, and a paladin must band together to combat a group of malicious mercenaries intent on destroying their world.

When I was twelve, my mother disappeared. I was the first person to never find her. I'm sixteen now and she has never been found, alive or dead. I'm not the girl I should have been. When Charlotte Stevens, bright but failing, is sent to stay at her mother's childhood home in Somerset England her life is changed forever. While exploring the lavish family manor, Gaersum Aern, Charlotte discovers a stone puzzle box that contains a pentagram necklace and a note from her mother-clues to her family's strange past and her mother's disappearance. Charlotte must try to solve the puzzle box, decipher her mother's old journals, and figure out who is working to derail her efforts-and why. The family manor contains many secrets and hidden histories, keys to the elegant mystery Charlotte called mom and hopefully, a trail to finding her.

A young fleet officer and a Marine stand together to defend their colony in the continuation of the powerful and action-packed Genesis Fleet saga from New York Times bestselling author Jack Campbell. In the three years since former fleet officer Rob Geary and former Marine Mele Darcy led improvised forces to repel attacks on the newly settled world of Glenlyon, tensions have only gotten worse. When one of Glenlyon's warships is blown apart trying to break the blockade that has isolated the world from the rest of human-colonized space, only the destroyer Saber remains to defend it from another attack. Geary's decision to take Saber to the nearby star Kosatka to safeguard a diplomatic mission is a risky interpretation of his orders, to say the least. Kosatka has been fighting a growing threat from so-called rebels--who are actually soldiers from aggressive colonies. When a "peacekeeping force" carrying thousands of enemy soldiers arrives in Kosatka's star system, the people of that world, including Lochan Nakamura and former "Red" Carmen Ochoa, face an apparently hopeless battle to retain their freedom. It's said that the best defense is a good offense. But even if a bold and risky move succeeds, Geary and Darcy may not survive it...

A percentage of this product funds programs supporting children in poverty around the world. The world of Drina is on the brink of destruction. Twelve year old Kal's dreams have grown dark. A missing Ascendant. The deaths of imperial soldiers at the hands of terrible monsters far below Skytown. It all must link back to the mysterious powers of his upcoming Ascendancy or perhaps his newfound visitor, a kid that only he can see-but none of it can prepare him for the adventure of self-discovery and world shattering consequences he's about to be hurled down. Nash, Ruka, and Jia are all on a top secret mission for the Heretic cause, a mission that could save their people and maybe the entire world-but one of them has a secret, a dark and tangled past that could doom them all. Magic, humor, outrageous heists, horrific monsters, and yes, a fur bearing trout and a pickle are all along for the ride in this manic quest to keep the world of Drina from descending into darkness.

War erupts in the depths of space... Battle-ready factions converge above Darien, all with the same objective: to control this newly discovered planet and access the powerful weapons at its heart. Despotic Hegemony forces dominate much of known space and they want this world too, but Darien's inhabitants are determined to fight for their future. However, key players in this conflict aren't fully in control. Hostile AIs have infiltrated key minds and have an agenda, requiring nothing less than the destruction or subversion of all organic life. And they are near to unleashing their cohorts, a host of twisted machine intelligences caged beneath Darien. Fighting to contain them are Darien's hidden guardians, and their ancient ally the Construct, on a millennia-long mission to protect sentient species. As the war reaches its peak, the AI army is roaring to the surface, to freedom and an orgy of destruction. Darien is first in line in a machine vs. human war -- for life or the sterile dusts of space.

Loyalties are tested when worlds collide... Every two thousand years, the dark star Oma appears in the sky, bringing with it a tide of death and destruction. And those who survive must contend with friends and enemies newly imbued with violent powers. The kingdom of Saiduan already lies in ruin, decimated by invaders from another world who share the faces of those they seek to destroy. Now the nation of Dhai is under siege by the same force. Their only hope for survival lies in the hands of an illegitimate ruler and a scullery maid with a powerful – but unpredictable – magic. As the foreign Empire spreads
