It's also important to consider diversifying the stocks you invest in. Consider stocks for different companies in different industries, or even a variety of stocks for organizations with different market caps. An even better-diversified portfolio will have other securities in it, too, like bonds, ETFs, or commodities.

Investing for beginners: how to get started

Investing is the process of buying an asset with the intention of receiving a return on it. The return on an investment can be realized through appreciation and/or income. Appreciation occurs when an asset increases in value. Income is generated by assets that pay interest, dividends, or some other regular periodic distribution.
