Quality Chess

The King's Gambit is a chess opening that begins with the moves: 1. e4 e5 2. f4 White offers a pawn to divert the black e-pawn. If Black accepts the gambit, White has two main plans.

The first is to play d4 and Bxf4, regaining the gambit pawn with central domination. The alternative plan is to play Nf3 and Bc4 followed by 0-0, when the semi-open f-file created after a pawn push to g3 allows White to attack the weakest

King's Gambit

A respectable effort on the King's Bishop Gambit is marred by a very poor production along with questionable editing decisions. The book is physically much too large, approximately 12x9.

This is a nice size for a kid's coloring book, but a terrible size for a chess book.
