The Good Jobs Strategy: How the Smartest Companies Invest ...

The Good Jobs Strategy Diagnostic is a survey that identifies which elements of the Good Jobs Strategy your company already practices and where you can improve. It is intended for CEOs, senior executives, and frontline managers. Ideally, the assessment should be done individually and then discussed in a group. The survey has seven sections: an intro section and six sections corresponding to the four operational choices, to investment in people, and to values, as shown in the figure to the left.
