~~The Overspent American~~ challenges the inevitability of the consumer lifestyle by proposing alternatives to the work and spend cycle that has so many Americans feeling trapped and unfulfilled.

~~The Overspent American: Why We Want What We Don't Need~~

The ~~Overspent American~~ explores why so many of us feel materially dissatisfied, why we work staggeringly long hours and yet walk around with ever-present mental "wish lists" of things to buy or get, and why Americans save less than virtually anyone in the world. Unlike many experts, Harvard economist Juliet B. Schor does not blame consumers' lack of self-discipline.

The Overspent American is an amazing
book (probably one of the best non-fiction
works I've read). Juliet Schor is very
insightful and makes many good points
regarding why we consume as much as we
do and why we shouldn't.
