As the maker of Ivory soap, Tide detergent, and Crest toothpaste, Procter & Gamble is a household name. It is America's thirteenth largest company, lauded by business schools as a model for success. But behind P&G's wholesome image is a control-obsessed company so paranoid that Wall Street analysts, employees, and the chairman himself refer to it as "the Kremlin." The company demands conformity and unquestioning loyalty from its employees, who work in a strict and oppressive environment. P&G's wealth and power ensures it gets what it wants, from tax breaks to the eager services of Washington lobbyists. In this explosive exposé, Wall Street Journal reporter Alecia Swasy—who covered P&G for three years—tells the full chilling story of life within the P&G behemoth. Drawn from interviews with over 300 former and current P&G employees (including CEO Ed Artzt), visits to P&G operations in five countries, and thousands of court and company documents, Soap Opera reveals the dirty tricks and draconian mind-set of the company with the "99.44/100% pure" façade. Included here is the real story behind P&G's Rely brand tampons and their link to women's deaths from toxic shock syndrome—and how P&G tried to suppress that evidence. Swasy takes us to Taylor County, Florida, where residents drink bottled water because P&G's influence allowed the company to flood the local river with dioxin-laden toxic waste from its paper mill. Among these and dozens of other examples of the company's cutthroat nature is Swasy's own story of P&G's unethical seizure of Cincinnati phone records in an effort to track down her sources. Wonderfully readable and impeccably researched, Soap Opera is a sobering look at the price of success in America.

Core values to shareholder value: powerful insights from leaders who learned at P+G, one of the world's best values driven businesses. * *Straight from the P+G Alumni Network: An extraordinary business insider's view of the importance of values and how to transform values 'talk' into performance. *Shows the value a principle-driven corporate culture. *How top CEOs have put their P+G 'values' experience to work transforming companies in virtually every key industry. What do legendary leaders from Disney, GE, GM, Johnson and Johnson, Boeing, eBay, Microsoft, Intel, Time Warner, LensCrafters, Chiquita, Walmart, Pepsi, and Saatchi + Saatchi have in common? They all learned the critical importance of values as managers at Procter + Gamble. And, since departing for leadership roles elsewhere, they've all remained members of the P+G Alumni Network. Now you can share the powerful lessons they learned at P+G. The P+G Alumni Network's When Core Values Are Strategic offers nononsense insights into why values really are so important, and practical ways to propagate, strengthen, and act on them. Bringing together contributions from influential P+G alumni worldwide, it offers a legacy to future leaders across organizations of every type and size. Discover some of strategies for success: * *Hire well--people who fit your culture and are teachable. *Teach well--mentor and develop your people. *Respect your people--give them responsibility, let them learn from mistakes. *Value family and community--be an interactive part of it all; make the company a family of its own. *Focus all products on the consumer--study and listen, innovate accordingly. *Know your business--know every aspect of your business and communicate what you know clearly among company members. *Build a strong brand, and don't change it.

This work features the history of brand innovation at Procter & Gamble, one of the most successful consumer goods companies in the world. A fascinating history of household brands from Ivory to Crest, and Pringles to Cascade, this book unlocks the secrets of longtime success of dozens of superstar brands that we've grown accustomed to choosing for decades. It offers practical advice. Case study sections offer lessons in: business reinvention, building new markets and capabilities, leadership transformation, brand excellence, and general management.

Essay aus dem Jahr 2017 im Fachbereich BWL - Handel und Distribution, , Sprache: Deutsch, Abstract: The objective of this report is to provide a clear understanding of relevant consumer behavior in the tissue/towel business inclusive of any additional relevant information about consumer behavior. The report will further offer other market research methods that can be used to in addition to the one in the situation provided. Eventually, the report will provide a SWOT analysis, inclusive of the set SMART objectives for the tissue/towel business. The Procter & Gamble Company was established in in the year 1837 with the aim of producing and distributing paper products such as pampers, tissue paper, bathroom tissue. Its formation occurred when two immigrant candle and soap makers decided to form a partnership. The Procter & Gamble Company became a corporation in 1890, and since then it managed to expand and double its sells in U.S. market. The success of P&G Company can be attributed to its undisputable reputation for strong marketing, conservative management, high-quality products and high integrity. The company managed to exhibit successful expansion through acquisition of major companies both locally and internationally. The proprietor technology, use of total quality methods, value-added products, high media weight inclusive of successful advertising themes were used the key strategies to gain competitive advantage and obtain a substantial market share for its products. The

initial stage to initiate an expansion occurred in 1991 when it was clear that Charmin, Bounty, and Puffs had succeeded in obtaining a significant market share in the US. P&G thus decided to acquire Facelle Co. which deal with bathroom tissue, paper towels and facial tissue inclusive of the Royale, Florelle, Pronto, Dove, Facettes, and Festival brands. From the Procter & Gamble: Facelle Division Tissue case study, it can be deduced that absence of strategies for global collaboration, lack of or insufficient innovation and technology, transportation cost and sophisticated communication channels are the key challenges facing many companies. Recommendations for a better environment to conduct business include clear communication, access to innovation and technology, an improvement in performance and reliable return on investment.

START-UP NATION addresses the trillion dollar question: How is it that Israel-- a country of 7.1 million, only 60 years old, surrounded by enemies, in a constant state of war since its founding, with no natural resources-- produces more start-up companies than large, peaceful, and stable nations like Japan, China, India, Korea, Canada and the UK? With the savvy of foreign policy insiders, Senor and Singer examine the lessons of the country's adversity-driven culture, which flattens hierarchy and elevates informality-- all backed up by government policies focused on innovation. In a world where economies as diverse as Ireland, Singapore and Dubai have tried to re-create the "Israel effect", there are entrepreneurial lessons well worth noting. As America reboots its own economy and can-do spirit, there's never been a better time to look at this remarkable and resilient nation for some impressive, surprising clues.

Explains how companies must pinpoint business strategies to a few critically important choices, identifying common blunders while outlining simple exercises and questions that can guide day-to-day and long-term decisions.

The topic of motivation in the workplace is becoming recognized as an issue of growing importance not just for employees, but also for organizations themselves. This book was born of an interest in the practical actions that can lead to an increase in staff motivation, rather than in the many and varied motivational theories which exist. Because of this I chose to undertake a behavioral analysis of a company which is not just a market leader in their own industry (consumer products) but which is also one of the most important and influential companies on a global scale; Procter & Gamble. As such, we will discuss the type of results which emerge from this company 's conduct and initiatives in regards to workplace motivation, paying particular attention to their in-house initiatives of Promote from Within and Diversity and Inclusion. The topic of motivation in the workplace is becoming recognized as an issue of growing importance not just for employees, but also for organizations themselves.
