The Rapper's Handbook: A Guide to Freestyling, Writing ...
The Rapper's Handbook amazing, personal punch. But there was something about that line that sounded familiar to me. I walked around for a few days, trying to think of where I had heard it before. And then I realized that Eminem wasn't biting another rapper's lines; he was recycling his own. The "PMS" punchline was the same line he ...

BRITISH grime rapper and musician Wiley is being investigated by police over accusations he posted a string of anti-Semitic slurs on social media. Wiley has been temporarily banned from Twitter and ...

A textbook in rhythm, rhyme, and slang to enhance rap performance, accompanied by a CD. "This CD features 20 instrumental tracks for your students to write over and perform with. Research shows that students learn most effectively when they participate actively in the learning process. A great way to get students to think critically and creatively about academic content is to have them write their own educational raps/poems over our professional beats."--Publisher's website.

Examining the dynamics of hip-hop from every region and in every form-mainstream and underground, current and classic-this compelling how-to discusses everything from content and flow to rhythm and delivery in relation to the art and craft of rap. Compiled from the most extensive research on rapping to date, this first-of-its-kind guide delivers countless candid and exclusive insights from more than 100 of the most critically acclaimed artists in hip-hop-including Clipse, Cypress Hill, Nelly, Public Enemy, Remy Ma, Schoolly D, A Tribe Called Quest, and will.i.am-unraveling the stories behind their art and preserving a wealth of the genre's history through the words of the legends themselves. Exhaustively detailing the many complex aspects of rapping-such as utilizing literary tools and devices to strengthen content, battling, imagery, similes, metaphors, analogies, slang, performing both live and in the studio, word play, controversial content and punchlines, and constructing beats, singles, and freestyling-with emphasis on enunciating and breathing for unique vocal style, this remarkable book will benefit beginners and pros alike with its limitless wealth of rapping lore and insight.

The goal of the International Finance Corporation is to promote sustainable development through private sector investment in developing countries in order to reduce poverty and improve people's lives. IFC often supports investments that involve complex social and environmental issues, and it takes these issues very seriously. IFC recognizes that the resettlement of people from their homes or displacement of people from their livelihoods is economically and socially disruptive and may affect some people living close to the edge of survival. Where resettlement is unavoidable, each project requires its utmost attention. IFC considers resettlement an opportunity to improve peoples' lives by providing sustainable benefits and improved means of livelihood to people affected by IFC-financed projects. This handbook outlines methods and practices for the preparation of successful resettlement action plans conforming to IFC's policy on involuntary resettlement. As a reference for project developers, it describes the issues associated with the economic and physical displacement of people and provides an appreciation of the level of effort a project will require. It is intended primarily to assist the practitioners, consultants, NGOs, and community-based organizations that design and carry out resettlement activities. The handbook may be used in conjunction with IFC's public consultation Good Practice Manual and its Community Development Guide.

This book is your ultimate resource for Drake (rapper). Here you will find the most up-to-date information, facts, quotes and much more. In easy to read chapters, with extensive references and links to get you to know all there is to know about Drake (rapper)'s whole picture right away. Praise for How to Rap: "Filled with real tools and overflowing with inspiration, this comprehensive how-to manual examines the art and craft of rap. . . . Both newcomers to rap and more experienced listeners and artists can gain insights in the time-honored tradition of learning from the past, as told straight from the artists' mouths. . . . Highly recommended." --Library Journal Featuring an array of rap techniques never before explained or cataloged--such as flams, triplets, lazy tails, and vibrato--HOW TO RAP 2 is a must-read for MCs looking to take their craft to the next level, as well as anyone fascinated by rapping and its complexity. Filled with exclusive insights from hip-hop's most innovative artists, such as Tech N9ne, Crooked I, The Pharcyde, Das EPX, Del the Funky Homosapien, and Big Daddy Kane, this book takes you through the intricacies of rhythm, rhyme, and vocal delivery, delving into the art form in unprecedented detail. Paul Edwards is a writer and researcher of hip-hop. He is regarded as a leading expert on hip-hop and rap, and has been referred to as "the Aristotle of hip-hop poetics" by internationally acclaimed and award-winning poet Dana Gioia. He is the author of How to Rap. Gift of Gab, of the group Blackalicious, is noted as one of the most dexterous and versatile MCs of all time.

A reference book full of words that rhyme together that helps songwriters and poets to overcome writer's block and quickly find the right rhymes.

Likened to a 48 Laws of Power for young Black men, this book presents Black biographies, history, and current events in a language that the Hip-Hop generation will understand and relate to. Each story or essay is framed within the context of a life lesson, each one being of vital importance to the survival, redemption, and ultimate success of our dying Black generation. Both the positive and negative sides of the Black experience are explored in detail, from the lives of infamous drug dealers and pimps to the exploits of Black revolutionaries and activists. In addition, several How To sections outline simple strategies for self-development. Packed with useful information, from the best way to handle confrontations with police, to the continuing relevance of the 1919 race riots, this book has been compared to an urban Encyclopedia Africana. Others have called it a Blueprint for Black Power for a generation struggling with materialism and short attention spans. This book is guaranteed to change the world by changing the way millions of people think and live. In How to Hustle and Win, author Supreme Understanding tells, in often graphic detail, stories like that of the infamous Philadelphia Black Mafia, Harlem's heroin kingpin Frank Lucas, and former gang leader Stanley "Tookie" Williams. In between and throughout these tales, he weaves life lessons and guidance, turning sordid stories of crime and urban despair into an educational experience. Whereas Robert Greene's bestselling 48 Laws of Power used iconic figures from classical history to illustrate the guidelines for personal success, How to Hustle and Win is filled with the exploits of rappers, gangsters, radicals, and revolutionaries. This is a new kind of Black history book, and its intent is the motivation and achievement of a new kind of reader. Although today's literary market has seen an influx of self-help books attending to a variety of issues, few books have attempted to address the concerns of young Black men, struggling to find direction. It is this group that author Supreme Understanding names as one of most troubled demographics in American society today. On the book's website, the author comments: "Unfortunately, few authors actively target this audience, and those who do are either not speaking their language, or not interested in pushing for change. This is why How to Hustle and Win was written. This book will change the minds of millions of young men of color, and by doing this, it will ultimately change the world." Revolutionary aspirations aside, How to Hustle and Win's groundbreaking concept results in a truly appealing work. Its essays are delivered in short bursts, none of them over four pages long, making it ideal for struggling readers and those with shorter attention spans. At the same time, the book is filled with a wealth of information that would enlighten educated readers equally. In fact, the author juxtaposes his own personal tales of early delinquency and misdirection with his later years of professional success, including obtaining a doctorate in education at the age of 26.

"Addresses censorship as a worldwide issue from its earliest recorded form to the modern day ; Includes unique case studies of music censorship unfamiliar to Western audiences ; Documents censorship through a necessarily intersectional lens." --Oxford University Press.

With Over 40,000 words including slang and hip-hop terms, the Hip-Hop Rhyming Dictionary is the perfect resource to help you find the right rhyme-every time. The book includes helpful writing tips to inspire creative lyrics as well as a brief history of rap and the artists who sent hip-hop to the top of the charts.

On the heels of Kendrick Lamar's Pulitzer Prize, as the world begins to recognize the creative side of Hip-Hop, comes a writing guide from a musician and "The greatest MC of all time," Rakim. The musician and Hip Hop legend-hailed as "the greatest MC of all time" and compared to Thelonious Monk-reimagines the writing handbook in this memoir and guide that incorporates the soulful genius, confidence, and creativity of a master artist. When he exploded on the music scene, musical genius Rakim was hailed for his brilliant artistic style, adding layers, complexity, depth, musicality, and soul to rap. More than anyone, Rakim has changed the way MCs rhyme. Calm on the mic, his words combine in a frenzy of sound, using complicated patterns based on multisyllabic rhymes and internal rhythms. Rakim can tell a story about a down-on-his-luck man looking for a job and turn it into an epic tale and an unforgettable rhyme. He is not just a great songwriter-he's a great modern writer. Part memoir, part writing guide, Sweat the Technique offers insight into how Rakim thinks about words, music, writing, and rhyming as it teaches writers of all levels how to hone their craft. It is also a rare glimpse into Rakim's private life, full of entertaining personal stories from his youth on Long Island growing up in a home and community filled with musiciansto the clubs of New York and the studios of Los Angeles during his rise to the top of popular music. Rakim celebrates the influences that shaped his development, including the jazz music of John Coltrane and the spirituality of the streets, and shares anecdotes spotlighting personalities such as L. L. Cool J. and Dr. Dre, among others. Filled with valuable lessons for every writer, Sweat the Technique reveals the heart and mind of an artist and his love for great storytelling, and always, the words.
