About *The Silent Language*. In the everyday, but unspoken give-and-take of human relationships, the "silent language" plays a vitally important role. Here, a leading American anthropologist has analyzed the many qays in which people "talk" to one another without the use of words. The pecking order in a chicken yard, the fierce competition in a school playground, every unwitting gesture and action—this is the vocabulary of the "silent language."

Edward T. Hall: From the May 1960 issue ... But the problems that arise from a faulty understanding of the silent language of foreign custom are human problems and perhaps can best be dramatized ...

The Silent Language in *Overseas Business*

The *Silent Language* is short enough to be easily read. However, for the sake of brevity, it sacrifices a more systemic or detailed analysis. As such, the author resorts to a limited amount of anecdotal information to support his framework. Anecdotal information is useful, but some more statistical analysis might be worthwhile.

The *Silent Language*-Edward T. Hall. He based his approach to the difficulties of intercultural communication on personal observations in the field as an officer in a regiment of African-American soldiers during World War2. Laying the foundations for proxemics,Hall highlighthened the various languages and codes, 'the silent languages' that characterize every culture; the languages of time, space, material possessions, modes of friendship and of reaching agreement.
