It is, of course, completely normal that errors in new designs can occur.

Tomos Streetmate A55 - Information and Tuning Manual

The a55 is easily the highest performanc factory engine that tomos has produced. Although reverting back to a piston port inducted cylinder from the previous reed valve inlet a35, the a55 produces better torque and midrange than it's predecessor. Additionally, the a55 has enormous top end potential, and is a very capable 50/50 engine.

Tomos A55 Performance | Moped Wiki — Moped Army

A55 The Tomos A55 engine is the latest available model, introduced in 2003 and found on all current Tomos mopeds. It shares many similarity to its A35 brethren but has an all new cylinder, piston, carburetor, intake manifold, and exhaust. The engine has a nikasil plated aluminum piston-ported cylinder.
