A valid interpretation is not necessarily a correct one, but one which is more probably than any other on the basis of existing evidence. He makes a subtle and important distinction between a text's 'meaning' (which does not change) and its 'significance' (which does), and brilliantly relates meaning to understanding (the necessary preliminary to interpretation) and interpretation to explanation!"

Validity in Interpretation - Eric Donald Hirsch - Google Books

The validity of an interpretation is completely and utterly subjective, as every single reader of the novel has a slightly different response and interpretation. The only sound method of judging the validity of one's interpretation is by comparing it to the original intent of the author. Even still, other interpretations may be valid insight.

PDF Validity In Interpretation Download Full \u00d7 PDF ...

In Validity of Interpretation, Hirsch maintains the need and legitimacy of objectivity in determining the meaning of any literary text wherein objectivity consensus on the validity of interpretation can be achieved. In chapter 1, Hirsch makes the case against the theory of semantic autonomy which denies the need for authorial intent in interpretation.
